

CLARIFY YOUR CONTRIBUTION

WHAT IS APEX?

Apex goes after the discovery of contribution. Leaders in the mid-game begin to address a whole different set of questions. What should I be focusing on? What's my grid for saying "no" and "yes" to the options before me? Of all the things I could do, what should I do? How do I get ready for the end-game?

Apex focuses on three more strategic questions in a two-day discovery experience where leaders develop the decision making grid and gain greater focus that helps clarify their unique and ultimate Kingdom contribution. *What do you do? How do you do it? What if you did that intentionally?*

HERE'S WHAT YOU'LL TAKE AWAY:

- Defining a leader's unique role and contribution
- Decision-making grid for the future
- Greater authority in one's leadership
- First indication of legacy
